

The actual First Communion preparation will most often begin in the Winter so that the preparation period is completed by Spring, when most parishes celebrate First Communion. The format of the preparation varies from parish to parish, so check with your parish to find out the particulars. Generally, there will be sessions for children or for parents/children together; a retreat; special rituals within the context of Mass; at-home activities. The goal of the preparation period is to

- Nurture a child's/family's understanding of God's love for them and their response of thanksgiving
- Nurture a child's/family's relationship to Jesus Christ in prayer and worship
- Enhance a child'/family's appreciation and active participation in the Mass
- Develop a child's/family's sense of belonging to a community of disciples who love as Jesus loves

Eucharist

### ***How will I know if my child is ready to receive First Communion?***

These are the signs that indicate a child is ready to receive First Communion:

- A desire to receive the Eucharist
- A developing relationship with Jesus Christ and with the Church
- A familiarity with the prayers, postures, and parts of the Mass and their connection to life
- A sense of the “real presence” – that the bread of Eucharist is not ordinary bread, but Jesus coming to us in a special way

Parents have an important role in helping children become “ready”:

- If they see you regularly receive the Eucharist with reverence, and see that it is an important part of your life, they will also desire Eucharist.
- If you have conversations about God, encourage the family to pray, worship and meet Jesus through life with others in the parish, they will naturally grow in relationship to Jesus Christ and the Church.
- If you take the time to help them participate in Mass – to give thanks and praise, to learn the words and gestures, to sing and pray, they will be as comfortable at the Eucharistic meal as they are at their family's table.
- If you “practice what you pray” by living the gospel mandate to “love one another”, they will see that the Eucharist nourishes your life every day of the week.

## ***First Communion Preparation: A Guide for Parents***

**The Office of Lay Ministry  
Formation  
Roman Catholic Diocese of  
Albany**

*Welcome to this important time in your family's life with Jesus Christ and His Church! This preparation time for First Communion marks a new chapter in your family's faith life. Your child will be able to participate fully in the worship life of your parish by receiving Jesus in the Eucharist each week. So, this preparation is not just for his/her "first" Communion; it is a preparation for a lifetime that only begins with First Communion. Your parish is your partner in this preparation, and is committed to supporting you in your responsibility as Christian parents. May God bless you on this faith journey!*

***"Parents, you have asked to have your child baptized. In doing so, you are accepting the responsibility of training them in the practice of the faith.....  
(Rite of Baptism)***

## **Parents – You Are #1**

Parents, you are the #1 influence on your child's faith, and what you do to nurture faith at home and in your parish are vitally important. The Second Vatican Council noted the importance of the home in nurturing faith in its reference to the family at "the domestic Church" or the "Church of the Home". In essence, **the family is the most basic foundation of Church.**

During this time of preparation for First Communion, your parish will provide you with many opportunities to grow in your own faith and to nurture faith at home – prayers and practices, family activities for the home and in the parish, print and web resources, opportunities to serve others. We urge you to take advantage of as many of these opportunities as you are able.

**Sunday Eucharist is the centerpiece of life as a Catholic.** Please make every effort to develop a practice of coming to Mass with your children each week, both now and after they receive their First Communion. Just as we provide our children daily with food at our table, we cannot fail to provide them weekly with the food that will sustain them for life – the presence of Jesus Christ in Word and Sacrament.

## **What Does First Communion Preparation Look Like?**

A child who was baptized Catholic and is at least 7 years of age is eligible to receive First Communion after sufficient preparation. It is important to **enroll your child in your parish's faith formation program as early as possible** (most parishes begin children's programs in Kindergarten or Grade 1) so s/he can have a basic catechesis before preparing for the sacraments.

Prior to the preparation for First Communion, a baptized child must receive preparation for and the opportunity to receive the Sacrament of Reconciliation (Penance). This preparation often takes place in the Fall of the year, with the celebration of First Reconciliation in the Advent season, just prior to Christmas.
